SMART CANDLE – LIGHT (3.5W AND 5.5W) – QR-SB –XX – CAW

DESCRIPTION:

QR-PIXEL, Smart Candle-light LED bulbs lets you have a fully automated control of your in-house lighting. You can switch the bulb On/Off, you can also adjust the brightness, vary the RGB colour according to your desire and also change the colour temperature from 2700K-6500K, according to a schedule, with the Qlite App, and with the installation of accessories, it responds to voice commands. Smart Candle-light bulbs are available in two variants, 3.5W and 5.5w types. This type of bulb requires an E14 holder.

SPECIFICATIONS:

- Switching & linear Dimming Functions
- RGB color Variation.
- Changing color temperature from 2700K-6500K.
- Schedule the timing ON/OFF
- Output : 3.5/5.5W, 300/470Lm.
- Input voltage : AC 220-240 50/60Hz
- Power Factor : 0.9

- Working Temperature : 0-45°C
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- A60 Size
- Compatible with E14 holders

ADVANTAGES:

- Easy Installation - Quick installation with stepby-step guide.
- Adjusting the colour temperature of the bulb is possible for the range of 2700K-6500K.
- You can achieve various colour combinations by varying the RGB LEDs of the Smart Bulb.
- Advanced 0-100% Dimming with precise 1% dimming levels- Set the desired brightness from 0-100% to meet your ambience and cut down your bill.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the dimmable smart Bulbs from anywhere. All QR Pixel smart Bulbs can be combined in one group, so you can dim/on/off different room lighting with one click.
- Real time status display on the Qlite Home app.
- Get even more control of your rooms with smart lighting "scenes." These scenes can change the colours subtly but still have an impact.

12W SMART FILAMENT BULB QR SB XX XXF

DESCRIPTION

QR PIXEL, Smart LED bulbs lets you have a fully automated control of your in house lighting You can switch the bulb On/Off, you can also adjust the brightness and also change the colour temperature from 2700 K 6500 K according to a schedule, with the Qlite App, and with the installation of accessories, it responds to voice commands Smart bulbs are available in five sizes, A 60 ST 64 G 80 G 95 and G 125

SPECIFICATIONS:

- Switching & linear Dimming Functions
Changing color temperature from 2700K 6500K.
- Schedule the timing ON/OFF
- Output : 6.5W, 800Lm.
- Input voltage : AC 220 240 50/60Hz
- Power Factor : 0.9
- Working Temperature : 0 45
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M

ADVANTAGES:

- Easy Installation Quick installation with step by step guide.
- Adjusting the colour temperature of the bulb is possible for the range of 2700 K 6500K.
- Advanced 0-100% Dimming with precise 1% dimming levels- Set the desired brightness from 0-100% to meet your ambience and cut down your bill.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the dimmable smart Bulbs from anywhere. All QR Pixel smart Bulbs can be combined in one group, so you can dim/on/off different room lighting with one click.
- Real time status display on the Qlite Home app.
- Get even more control of your rooms with smart lighting "scenes." These scenes can change the colours subtly but still have an impact.

CONSTANT CURRENT LED DRIVER

QR-7WCC-ND Constant Current LED Driver

FEATURES

- Constant Current mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection, overload protection, short circuit protection, No load protection
- Suitable for LED strip applications
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		12-24V
Output Current		300mA
Power		4-7W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		80%
Power Factor		>0.9
IP Rating		IP44
Connection	Input	2 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H) (mm)		80 x 32 x 22
Weight		45g

QR-12WCC-ND Constant Current LED Driver

FEATURES

- Constant Current mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection ,overload protection, short circuit protection, No load protection
- Suitable for LED strip applications
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		24~42V
Output Current		300mA
Power		8~12W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP44
Connection	Input	2 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H) (mm)		88 x 39 x 23
Weight		45g

QR-18WCC-ND Constant Current LED Driver

FEATURES

- Constant Current mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection ,overload protection, short circuit protection, No load protection
- Suitable for LED strip applications
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		24~42V
Output Current		480mA
Power		12~18W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP44
Connection	Input	2 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H) (mm)		115 x 45 x 27
Weight		100g

QR-24WCC-ND Constant Current LED Driver

FEATURES

- Constant Current mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection, overload protection, short circuit protection, No load protection
- Suitable for LED strip applications
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		24~42V
Output Current		600mA
Power		18~24W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP44
Connection	Input	2 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H) (mm)		115 x 45 x 27
Weight		100g

QR-36WCC-ND Constant Current LED Driver

FEATURES

- Constant Current mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection ,overload protection, short circuit protection, No load protection
- Suitable for LED strip applications
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		24~43V
Output Current		900mA
Power		24~36W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP44
Connection	Input	2 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H) (mm)		115 x 45 x 27
Weight		120g

QR-48WCC-ND Constant Current LED Driver

FEATURES

- Constant Current mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection ,overload protection, short circuit protection, No load protection
- Suitable for LED strip applications
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		24~44V
Output Current		1200mA
Power		40~48W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP44
Connection	Input	2 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H)(mm)		140 x 45 x 29
Weight		150g

CONSTANT VOLTAGE LED DRIVER

QR-36W-12CV-ND Constant Voltage LED Driver

FEATURES

- Constant Voltage mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection ,overload protection, short circuit protection, No load protection
- Suitable for LED strip applications, Architectural lighting, led Electronic display
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		12V
Output Current		3000mA
Power		36W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP44
Connection	Input	2 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H)(mm)		140 x 45 x 29
Weight		130g

QR-36W-24CV-ND Constant Voltage LED Driver

FEATURES

- Constant Voltage mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection ,overload protection, short circuit protection, No load protection
- Suitable for LED strip applications, Architectural lighting, led Electronic display
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		24V
Output Current		1500mA
Power		36W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP44
Connection	Input	2 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H)(mm)		140 x 45 x 29
Weight		150g

QR-60W-12CV-ND CONSTANT VOLTAGE LED DRIVER

FEATURES

- Constant Voltage mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection ,overload protection, short
- circuit protection, No load protection
- Suitable for LED strip applications, Architectural lighting, led Electronic display
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		12V
Output Current		5000mA
Power		60W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP44
Connection	Input	2 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H)(mm)		140 x 45 x 29
Weight		150g

QR-60W-24CV-ND CONSTANT VOLTAGE LED DRIVER

FEATURES

- Constant Voltage mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection, overload protection, short circuit protection, No load protection
- Suitable for LED strip applications, Architectural lighting, led Electronic display
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		24V
Output Current		2500mA
Power		60W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP44
Connection	Input	2 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H)(mm)		140 x 45 x 29
Weight		150g

QR-100W-12CV-ND CONSTANT VOLTAGE LED DRIVER

FEATURES

- Constant Voltage mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection, overload protection, short circuit protection, No load protection
- Suitable for LED strip applications, Architectural lighting, led Electronic display
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		12V
Output Current		8300mA
Power		100W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP20, IP65
Connection	Input	3 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H)(mm)		220 x 45 x 30
Weight		200g

QR-100W-24CV-ND CONSTANT VOLTAGE LED DRIVER

FEATURES

- Constant Voltage mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection, overload protection, short circuit protection, No load protection
- Suitable for LED strip applications, Architectural lighting, led Electronic display
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		24V
Output Current		4100mA
Power		100W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP20, IP65
Connection	Input	3 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H)(mm)		220 x 45 x 30
Weight		200g

QR-150W-24CV-ND CONSTANT VOLTAGE LED DRIVER

FEATURES

- Constant Voltage mode
- Universal AC input / Full range
- No load power consumption <0.5W
- Withstand 300VAC surge input for 5 seconds
- Class 2 power unit / Pass LPS
- Low cost, high reliability,
- Overtemperature protection ,overload protection, short circuit protection, No load protection
- Suitable for LED strip applications, Architectural lighting, led Electronic display
- Protections: Short circuit / Overload / Over voltage
- 2 years warranty

AC input voltage range		100~265VAC
Output Voltage		24V
Output Current		6250mA
Power		150W
Overload protection		>105% rated output power hiccup mode, auto-recovery
Over voltage protection		115%~135% rated output voltage
Withstand voltage		I/P-O/P: 3.75kVAC
Working temperature		-30~+70OC (refer to output derating curve)
Efficiency		85%
Power Factor		>0.9
IP Rating		IP65, IP67
Connection	Input	3 Pin Connector
	Output	2 Pin Connector
Dimension (L x W x H)(mm)		220 x 45 x 30
Weight		200g

SMART PRODUCT

SMART SINGLE CHANNEL FAN SWITCH – QR-SFG01

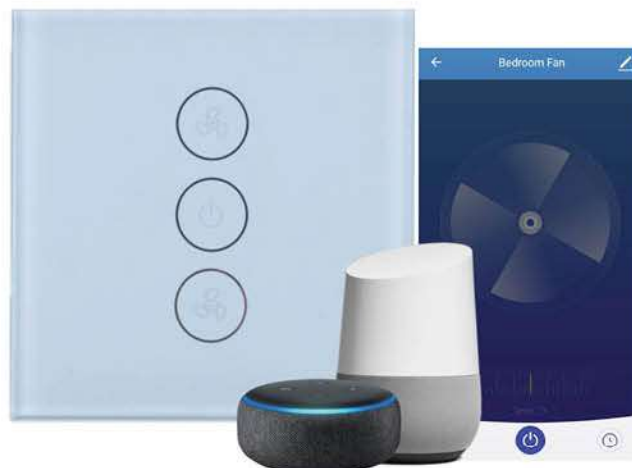

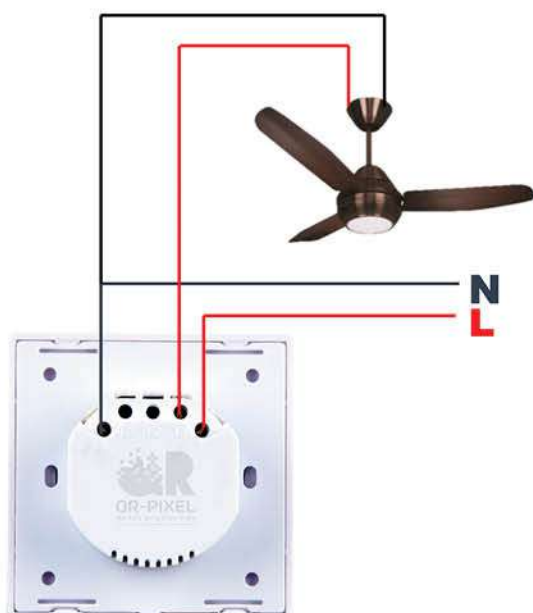

DESCRIPTION:

QR-PIXEL, Smart Fan Switch lets you turn your Fan On and OFF, it also helps in adjusting the fan speed, according to a schedule, with a smart App, and with the installation of accessories, it responds to voice commands.

SPECIFICATIONS

- Fan Switching Function.
- Schedule the timing ON/OFF
- Input voltage : AC 110–240 50/60Hz
- Max Load : 400W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Module Size: 120 x 76 x 34 mm
- Color - White, Black colored glass touch panel.

WIRING DIAGRAM

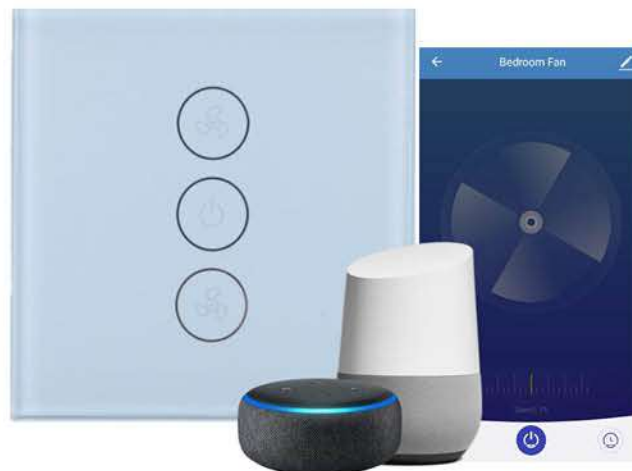

ADVANTAGES:

- Easy Installation - Quick installation with step by-step guide.
- Advanced 0-100% fan speed. Set the desired fan speed from 0-100% to meet your ambience and cut down your bill.
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the smart Fan switch from anywhere. All QR Pixel smart fan switches can be combined in one group, so you can dim/on/off different fans with one click.
- Real time status display on the Qlite Home app.
- Led Backlit can be controlled during Nighttime.
- Glass touch panel control for easier control.

SMART TWO CHANNEL FAN SWITCH – QR-SFG02

DESCRIPTION:

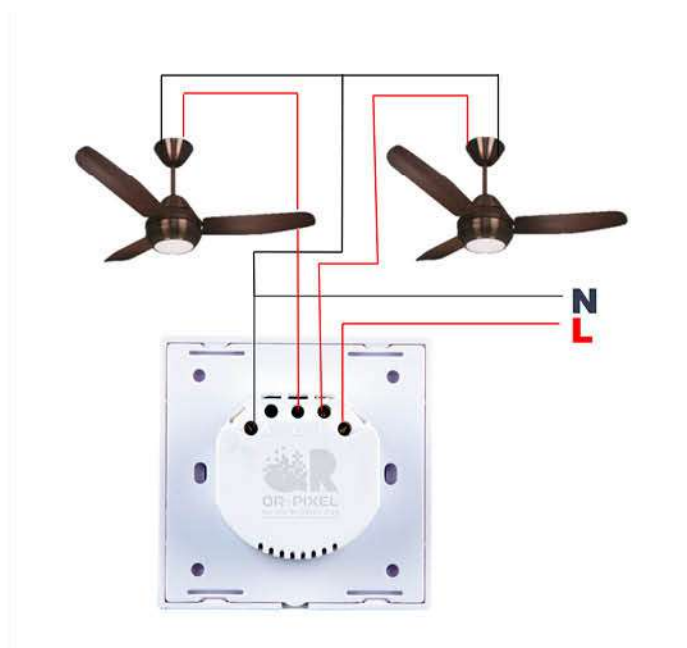

QR-PIXEL, two channel Smart Fan Switch lets you turn two of your Fans On and OFF, it also helps in adjusting the fan speed, according to a schedule, with a smart App, and with the installation of accessories, it responds to voice commands.

SPECIFICATIONS

- Two channel fan switching function.
- Schedule the timing ON/OFF
- Input voltage : AC 110–240 50/60Hz
- Max Load : 400W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Module Size: 120 x 76 x 34 mm
- Color – White, Black colored glass touch panel.

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Advanced 0-100% fan speed. Set the desired fan speed from 0-100% to meet your ambience and cut down your bill.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the smart Fan switch from anywhere. All QR Pixel smart fan switches can be combined in one group, so you can dim/ on/off different fans with one click.
- Real time status display on the Qlite Home app.
- Led Backlit can be controlled during Nighttime.
- Glass touch panel control for easier control.

SMART SINGLE CHANNEL CURTAIN CONTROLLER- QR-CG01

DESCRIPTION:

QR-PIXEL, Smart Curtain Controller lets you Open/Close your curtains and also helps adjust the curtain position, according to a schedule, with a Qlite App, and with the installation of accessories, it responds to voice commands through Alexa or Google home..

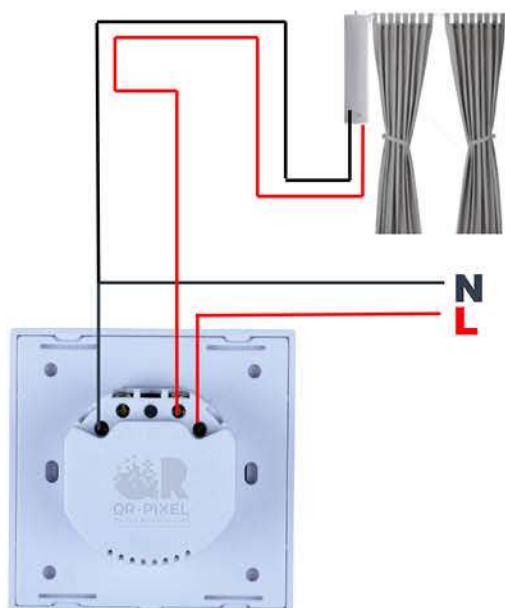

SPECIFICATIONS

- Switching & linear Curtain Control.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Max Load : 400W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- 3x3 size.
- Color – Black, White face plate.

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Advanced 0-100% curtain opening/closing. Set the desired curtain position from 0-100% to meet your ambience.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the smart curtain controller from anywhere. All QR Pixel smart curtain controllers can be combined in one group, so you can open/close different curtains with one click.
- Real time status display on the Qlite Home app.
- Led Backlit can be controlled during Nighttime.
- Offers Glass touch panel control and IR remote control

WIRING DIAGRAM

SMART TWO CHANNEL CURTAIN CONTROLLER – QR-CG02

DESCRIPTION:

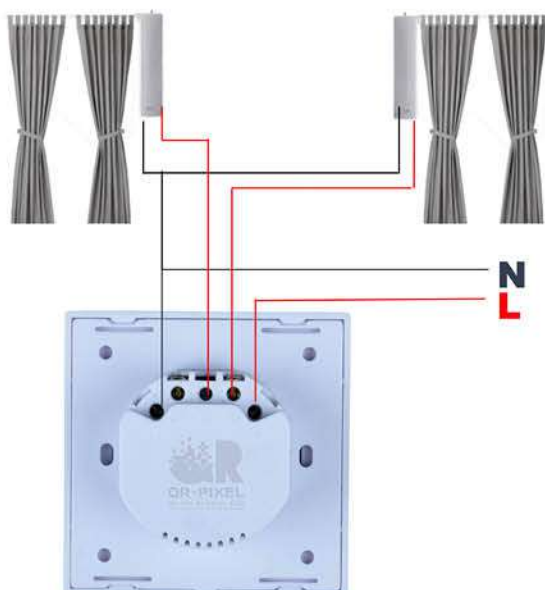

QR-PIXEL, Smart Curtain Controller lets you Open/Close your curtains and also helps adjust the curtain position, according to a schedule, with a Qlite App, and with the installation of accessories, it responds to voice commands through Alexa or Google home..

SPECIFICATIONS

- Switching & linear Curtain Control.
- Two Channel control.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Max Load : 400W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- 3x3 size.
- Color – Black, White face plate.

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Advanced 0-100% curtain opening/closing. Set the desired curtain position from 0-100% to meet your ambience.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the smart curtain controller from anywhere. All QR Pixel smart curtain controllers can be combined in one group, so you can open/close different curtains with one click.
- Real time status display on the Qlite Home app.
- Led Backlit can be controlled during Nighttime.
- Offers Glass touch panel control and IR remote control

SMART SWITCH MODULAR 2-WAY QR-SDG02

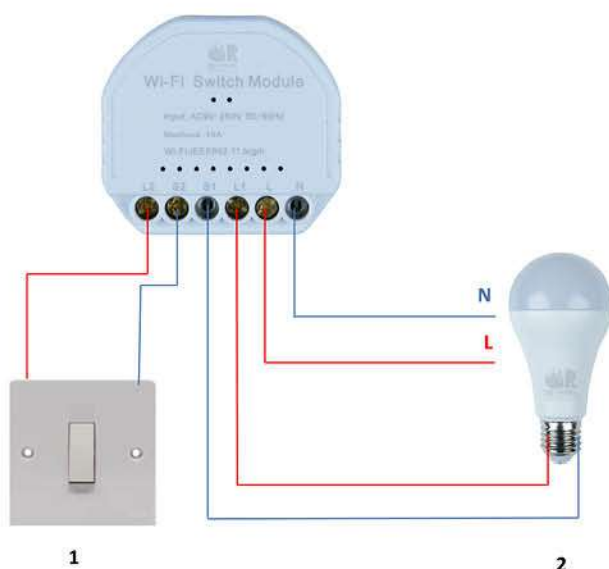

DESCRIPTION:

QR-PIXEL, Smart 2 way modular Switch lets you convert any two non smart devices into two smart devices . You can switch any device On/Off according to a schedule, with a smart App, and with the installation of accessories, in responds to voice commands.

SPECIFICATIONS

- Two channels switching.
- Schedule the timing ON/OFF
- Input voltage : AC 100-240 50/60Hz
- Max Load : 400W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Converts a non-smart switching device into a fully automated smart switching device.
- Advanced control of non-smart devices. Automated switching function which can be controlled from the Qlite Home App or by voice control.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set a Timer and Schedule of the Smart Wi-Fi 2-way switches from anywhere. All QR Pixel smart switches can be combined in one group, so you can switch/on/off different devices with one click.
- Real time status display on the Qlite Home app.
- It can be easily fixed on the back of a 3x3 physical switch

SMART SWITCH MODULAR 1-WAY QR-SDG01

DESCRIPTION:

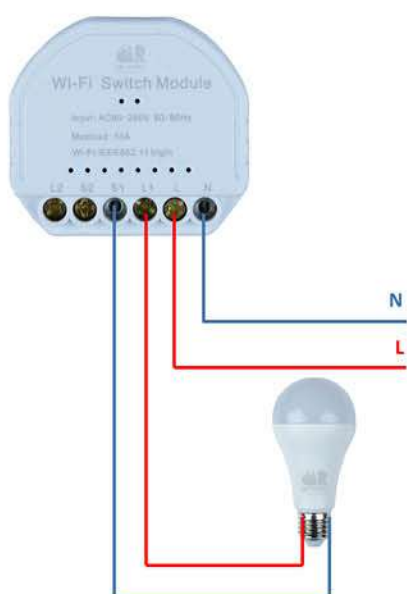

QR-PIXEL, Smart 1 way modular Switch lets you convert any non smart device into a smart device. You can switch any device On/Off according to a schedule, with a smart App, and with the installation of accessories, it responds to voice commands.

SPECIFICATIONS

- Single channels switching.
- Schedule the timing ON/OFF
- Input voltage : AC 100-240 50/60Hz
- Max Load : 400W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation - Quick installation with step-by-step guide.
- Converts a non-smart switching device into a fully automated smart switching device.
- Advanced control of non-smart devices. Automated switching function which can be controlled from the Qlite Home App or by voice control.
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set a Timer and Schedule of the Smart Wi-Fi 1-way switches from anywhere. All QR Pixel smart switches can be combined in one group, so you can switch/on/off different devices with one click.
- Real time status display on the Qlite Home app.
- It can be easily fixed on the back of a 3x3 physical switch

SMART SINGLE CHANNEL DIMMER SWITCH – QR-SDG01

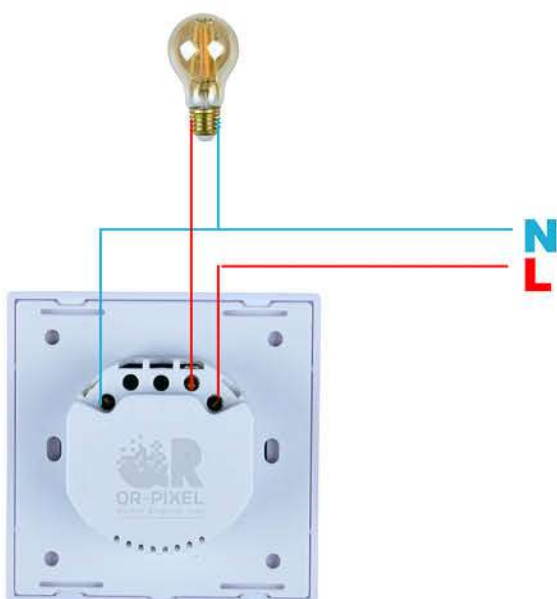

DESCRIPTION:

QR-PIXEL, Smart Dimmer Switch lets you turn your Lights On and OFF, also adjust the brightness, according to a schedule, with a smart App, and with the installation of accessories, in responds to voice commands, motion or even your location.

SPECIFICATIONS

- Single channels switching & Dimming controller
- Switching & linear Dimming Functions
- Schedule the timing ON/OFF
- Input voltage : AC 100-240 50/60Hz
- Max Load : 400W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Module Size: 120 x 76 x 34 mm

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Advanced 0-100% Dimming with precise 1%dimming levels– Set the desired brightness from 0-100% to meet your ambience and cut down your bill.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the dimmable smart switch from anywhere. All QR Pixel smart switches can be combined in one group, so you can dim/on/off different room lighting with one click.
- Real time status display on the Qlite Home app.
- Led Backlit can be controlled during Nighttime.

TWO CHANNEL SMART DIMMER QR-SD02

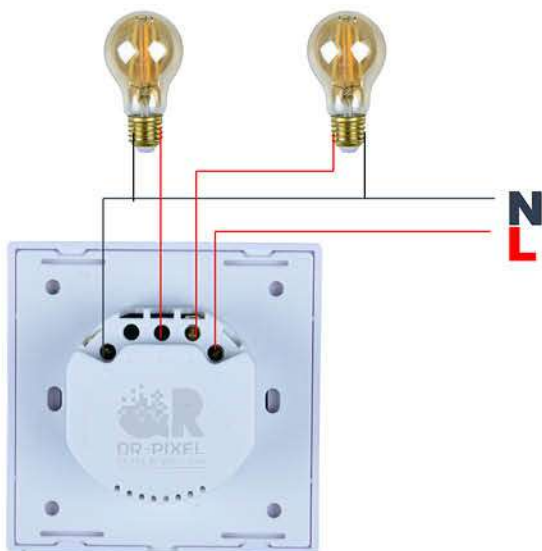

DESCRIPTION:

QR-PIXEL, Smart Dimmer Switch lets you turn your Lights On and OFF, also adjust the brightness, according to a schedule, with a smart App, and with the installation of accessories, in responds to voice commands.

SPECIFICATIONS

- Two channels switching & Dimming controller
- Switching & linear Dimming Functions
- Schedule the timing ON/OFF
- Input voltage : AC 100-240 50/60Hz
- Max Load : 400W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Module Size: 120 x 76 x 34 mm

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation - Quick installation with stepby-step guide.
- Advanced 0-100% Dimming with precise 1% dimming levels- Set the desired brightness from 0-100% to meet your ambience and cut down your bill.
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier. Individual channel control is possible.
- Remote Control with Timer and Schedule of the dimmable smart switch from anywhere. All QR Pixel smart switches can be combined in one group, so you can dim/on/off different room lighting with one click.
- Real time status display on the Qlite Home app.
- Led Backlit can be controlled during Nighttime.

SMART THERMOSTAT B/W QR-HTBW

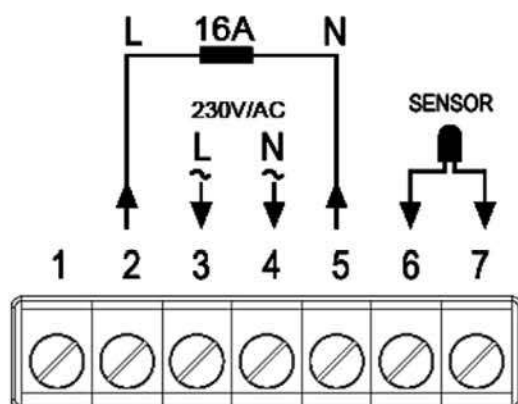

DESCRIPTION:

QR-PIXEL, Smart Thermostat lets you control the fans, valves, dampers, electric heaters in fan coil units and heating applications in industrial, commercial or residential environments.

SPECIFICATIONS

- Adjustable heat, cool, heat/cool, fan mode control.
- Adjustable Manual 3 speed and automatic fan speed control.
- Schedule the timing ON/OFF
- Input voltage : AC 85-250 50/60Hz
- Switch Current rating : 16A or 3A
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Module Size: 86 x 86 x 16 mm

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation - Quick installation with stepby-step guide.
- Advanced temperature control with precise accuracy (max 1% displacement). Set the desired temperature to meet your ambience .
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier. Individual channel control is possible.
- Remote Control with Timer and Schedule of the dimmable smart switch from anywhere. All QR Pixel smart thermostats can be combined in one group, so you can increase/decrease different rooms temperature with one click.
- Real time status display on the Qlite Home app.
- Led Backlit can be controlled during Nighttime.

SMART THERMOSTAT DIGITAL QR-HTDG

DESCRIPTION:

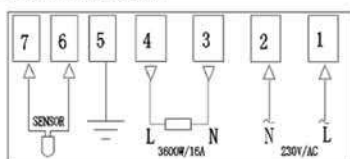

QR-PIXEL, Smart Thermostat lets you control the fans, valves, dampers, electric heaters in fan coil units and heating applications in industrial, commercial or residential environments.

SPECIFICATIONS

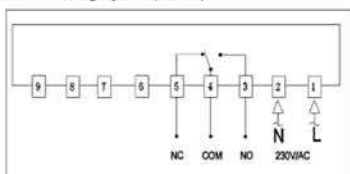

- Adjustable heat, cool, heat/cool, fan mode control.
- Adjustable Manual 3 speed and automatic fan speed control.
- Schedule the timing ON/OFF
- Input voltage : AC 85-250 50/60Hz
- Switch Current rating : 16A or 3A
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Module Size: 130 x 87 x 19 mm

WIRING DIAGRAM

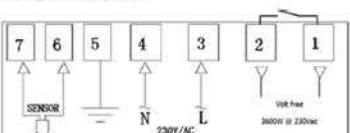

Electric Heating System

Water Heating System(Boiler)

Voltage-Free System

ADVANTAGES:

- Easy Installation - Quick installation with stepby-step guide.
- Advanced temperature control with precise accuracy (max 1% displacement). Set the desired temperature to meet your ambience .
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier. Individual channel control is possible.
- Remote Control with Timer and Schedule of the dimmable smart switch from anywhere. All QR Pixel smart thermostats can be combined in one group, so you can increase/decrease different rooms temperature with one click.
- Real time status display on the Qlite Home app.
- Led Backlit can be controlled during Nighttime.

SMART WALL SOCKET WITH 3 GANG SWITCHES AND USB CHARGERS – QR-SS13G3AU

DESCRIPTION:

QR-PIXEL, Smart Wall Socket with 3 Gang switches and USB chargers lets you turn your connected device On/OFF, also adjust the power output according to a schedule, with the Qlite App, and with the installation of accessories, in responds to voice commands, motion or even your location. It consists of a universal socket, making it compatible with devices from different regions and also a manual switch with two separate touch switches to control three separate devices. It also consists of 2 USB charging stations to charge/power up your devices. It can also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Three channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- 2 USB Ports (200 mA/5V)
- Input voltage : AC 100-240 50/60Hz
- Max Load : 2000W (Switches) 3500W (Socket)
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- High quality crystal tempered glass panel design, never fade.

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Consists of Two USB Charging stations and three touch switches.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART WALL SOCKET WITH 2 GANG SWITCHES AND USB CHARGERS – QR-SS13G2AU

DESCRIPTION:

QR-PIXEL, Smart Wall Socket with 2 Gang switches and USB chargers lets you turn your connected device On/OFF, also adjust the power output according to a schedule, with the Qlite App, and with the installation of accessories, in responds to voice commands, motion or even your location. It consists of a universal socket, making it compatible with devices from different regions and also a manual switch with two separate touch switches to control two separate devices. It also consists of 2 USB charging stations to charge/power up your devices. It can also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Two channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- 2 USB Ports (200 mA/5V)
- Input voltage : AC 100-240 50/60Hz
- Max Load : 2000W (Switches) 3500W (Socket)
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- High quality crystal tempered glass panel design, never fade.

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Consists of Two USB Charging stations and touch switches.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART SOCKET WITH USB CHARGERS – QR-SS13AU

DESCRIPTION:

QR-PIXEL, Smart Wall Socket with USB chargers lets you turn your connected device On/OFF, also adjust the power output according to a schedule, with the Qlite App, and with the installation of accessories, in responds to voice commands, motion or even your location. It consists of a universal socket, making it compatible with devices from different regions and also a manual switch. It also consists of 2 USB charging stations to charge/power up your devices. It can also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Single channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- 2 USB Ports (200 mA/5V)
- Input voltage : AC 110-240 50/60Hz
- Max Load : 2990W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Manual Switch Present
- High quality crystal tempered glass panel design, never fade.

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Consists of Two USB Charging stations.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART SOCKET (FRAME TYPE) QR – SSF13A

DESCRIPTION:

QR-Pixel, Smart Socket lets you turn your connected device On/OFF, also adjust the power output according to a schedule, with the Qlite App, and with the installation of accessories, in responds to voice commands, motion or even your location. It consists of a universal socket, making it compatible with devices from different regions. It is also able to monitor your energy consumption, allowing you to save power.

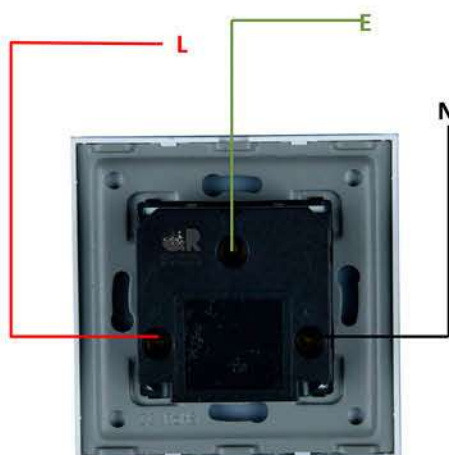

ADVANTAGES:

SPECIFICATIONS

- Single channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Max Load : 2990W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Various Socket colors available.

WIRING DIAGRAM

- Easy Installation – Quick installation with stepby-step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All Qlite smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving

SMART WALL SOCKET WITH 4 GANG – QR-SS13A4G

DESCRIPTION:

QR-PIXEL, Smart Wall Socket with 4 Gang lets you turn your connected device On/OFF, also adjust the power output according to a schedule, with the Qlite App, and with the installation of accessories, in responds to voice commands, motion or even your location. It consists of a universal socket, making it compatible with devices from different regions and also 4-gang switches used for switching application for 4 devices. It is also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Single channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- 4 Gang switches.
- Input voltage : AC 110-240 50/60Hz
- Max Load : 2990W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Manual Switch Present

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Consists of 4 Gang switches used for switching On/Off 4 devices.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART WALL SOCKET - QR-SS13A

ADVANTAGES:

DESCRIPTION:

QR-PIXEL, Smart Wall Socket lets you turn your connected device On/OFF, also adjust the power output according to a schedule, with the Qlite App, and with the installation of accessories, it responds to voice commands, motion or even your location. It consists of a universal socket, making it compatible with devices from different regions and also a manual switch. It is also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Single channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Max Load : 2990W
- Wireless Type: WIFI 2.4 Ghz

- WIFI range 30M
- Manual Switch Present

- Easy Installation - Quick installation with stepby-step guide.
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART WALL SOCKET WITH USB CHARGERS - QR-SS13AU

DESCRIPTION:

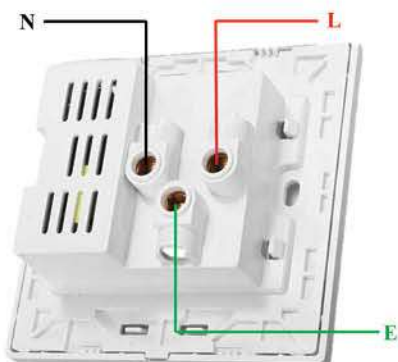

QR-PIXEL, Smart Wall Socket with USB chargers lets you turn your connected device On/OFF, also adjust the power output according to a schedule, with the Qlite App, and with the installation of accessories, in responds to voice commands, motion or even your location.. It can also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Single channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- 2 USB Ports (200 mA/5V)
- Input voltage : AC 110-240 50/60Hz
- Max Load : 2990W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Manual Switch Present
- High quality crystal tempered glass panel design, never fade.

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation - Quick installation with stepby-step guide.
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Consists of Two USB Charging stations.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART WALL SOCKET WITH 3 GANG SWITCHES AND USB CHARGERS – QR-SS13G3AU

DESCRIPTION:

QR-PIXEL, Smart Wall Socket with 3 Gang switches and USB chargers lets you turn your connected device On/OFF, also adjust the power output according to a schedule, with the Qlite App, and with the installation of accessories, in responds to voice commands, motion or even your location. It can also able to monitor your energy consumption, allowing you to save power.

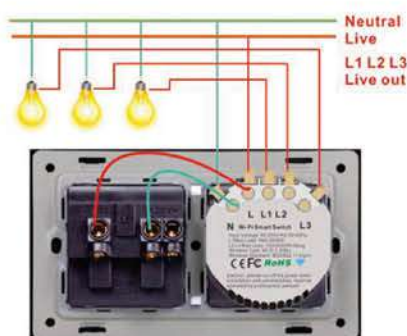

ADVANTAGES:

SPECIFICATIONS

- Three channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- 2 USB Ports (200 mA/5V)
- Input voltage : AC 100-240 50/60Hz
- Max Load : 2000W (Switches) 3500W (Socket)
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n WIFI range 30M
- High quality crystal tempered glass panel design, never fade.

WIRING DIAGRAM

- Easy Installation – Quick installation with stepby – step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Consists of Two USB Charging stations and three touch switches.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART WALL SOCKET WITH 4 GANG – QR-SS13A4G

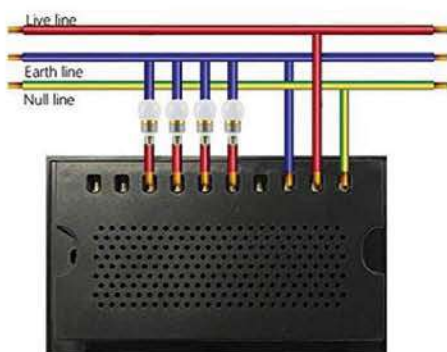

DESCRIPTION:

QR-PIXEL, Smart Wall Socket with 4 Gang lets you turn your connected device On/OFF, also adjust the power output according to a schedule, with the Qlite App, and with the installation of accessories, in responds to voice commands, motion or even your location. It consists of a universal socket, making it compatible with devices from different regions and also 4-gang switches used for switching application for 4 devices. It is also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Single channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- 4 Gang switches.
- Input voltage : AC 110-240 50/60Hz
- Max Load : 2990W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Manual Switch Presentz

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation – Quick installation with stepby – step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Consists of 4 Gang switches used for switching On/Off 4 devices.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART WI-FI 4 GANG TOUCH SWITCH WITH FAN CONTROLLER

DESCRIPTION:

QR-PIXEL, Smart Wi-Fi 4 Gang Touch Switch with fan controller lets you turn your connected device On/OFF and can also control the switching and speed of your fan with the Qlite App, and with the installation of accessories, it responds to voice commands. It supports 2-way and 3-way communication. It is also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Four channel switching controller.
- Fan Switching Function.
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Rated Load – 600W (Fan Controller) + 2500W (4 Gang Switch)
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Color – White, Black colored glass touch panel.
- Size – 86x86x34 mm.

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Advanced 0-100% fan speed. Set the desired fan speed from 0-100% to meet your ambience and cut down your bill.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart switches can be combined in one group, so you can on/off different switches with one click.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART WI-FI TOUCH SWITCH (8 GANG) – QR-STS8

DESCRIPTION:

QR-PIXEL, Smart Wi-Fi Touch Switch lets you turn your connected device On/OFF, with the Qlite App, and with the installation of accessories, in responds to voice commands. It supports 2-way and 3-way communication. It is also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Single channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Consists of 8 switches.
- Schedule the timing ON/OFF
- Input voltage : AC 110–240 50/60Hz
- Max Load : 2500W
- Rated Load – 625W/Gang
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Size – 146x86x40 mm.

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART WI-FI TOUCH SWITCH (1 TO 4-GANG) – QR-ST1 TO QR-ST4

DESCRIPTION:

QR-PIXEL, Smart Wi-Fi Touch Switch lets you turn your connected device On/OFF, with the Qlite App, and with the installation of accessories, in responds to voice commands. It supports 2-way and 3-way communication. It is also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

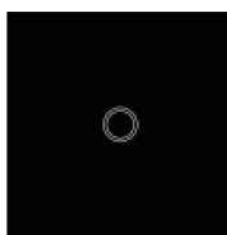

- One to Four channel switching controller.
- Universal Socket
- Energy Monitoring Functions.
- Consists of 1 to 4 switches.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Rated Load – 625W/Gang
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Size – 86x86x34 mm.

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart switches from anywhere. All QR Pixel smart switches can be combined in one group, so you can on/off different switchess with one click.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

VARIETY:

QR-PIXEL, Smart Wi-Fi Touch Switch is available in 4 varients ->

SMART WI-FI 4 GANG TOUCH SWITCH WITH FAN CONTROLLER

DESCRIPTION:

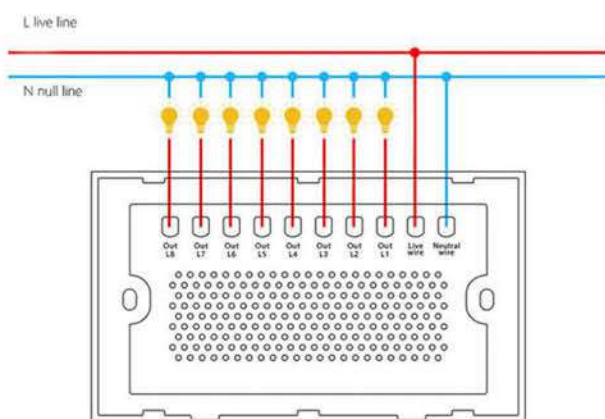

QR-PIXEL, Smart Wi-Fi 4 Gang Touch Switch with fan controller lets you turn your connected device On/OFF and can also control the switching and speed of your fan with the Qlite App, and with the installation of accessories, it responds to voice commands. It supports 2-way and 3-way communication. It is also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Four channel switching controller.
- Fan Switching Function.
- Energy Monitoring Functions.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Rated Load – 600W (Fan Controller) + 2500W (4 Gang Switch)
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Color - White, Black colored glass touch panel.
- Size – 86x86x34 mm.

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation – Quick installation with stepby – step guide.
- Advanced 0-100% fan speed. Set the desired fan speed from 0-100% to meet your ambience and cut down your bill.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart switches can be combined in one group, so you can on/off different switches with one click.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART WI-FI 2 GANG TOUCH SWITCH

DESCRIPTION:

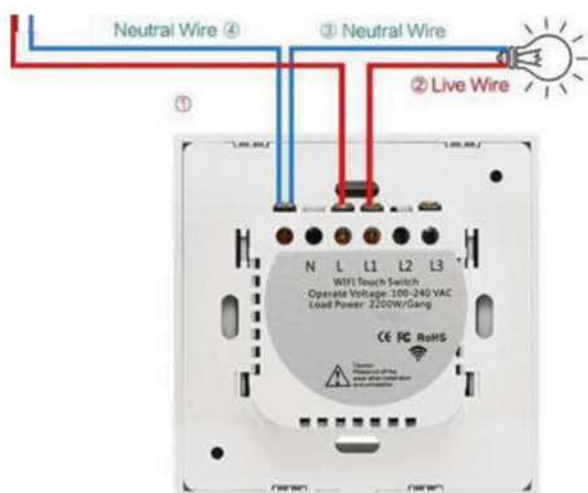

QR-PIXEL, Smart Wi-Fi Touch Switch lets you turn your connected device On/OFF, with the Qlite App, and with the installation of accessories, in responds to voice commands. It supports 2-way and 3-way communication. It is also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Two channel switching controller.
- Universal Socket
- Energy Monitoring Functions.
- Consists of 2 switches.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Max Load : 1250W
- Rated Load – 625W/Gang
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Size – 86x86x34 mm.

WIRING DIAGRAM

ADVANTAGES:

- Easy Installation – Quick installation with stepby – step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.
- Elimination of Vampire draw or phantom load as the Smart Socket identifies devices that consume power even when they are supposed to be powered off.
- Real time status Real time display of energy consumption of the device, ensuring energy saving.

SMART 3 GANG WI-FI TOUCH SWITCH

DESCRIPTION:

QR-PIXEL, Smart Wi-Fi Touch Switch lets you turn your connected device On/OFF, with the Qlite App, and with the installation of accessories, in responds to voice commands. It supports 2-way and 3-way communication. It is also able to monitor your energy consumption, allowing you to save power.

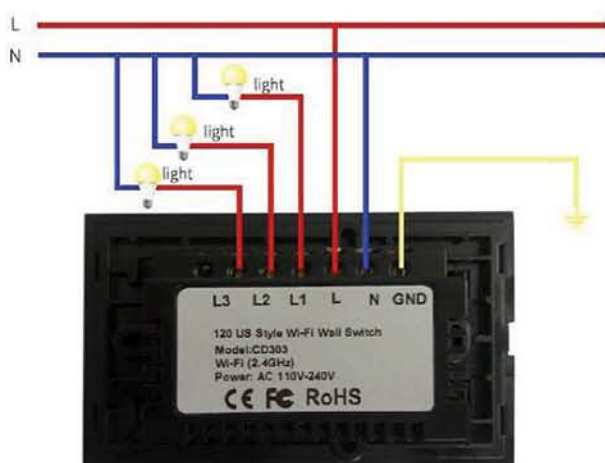

SPECIFICATIONS

- Three channel switching controller.
- Universal Socket
- Energy Monitoring Functions.
- Consists of 3 switches.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Rated Load – 625W/Gang
- Max Load – 1875W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Size – 86x86x34 mm.

ADVANTAGES:

- Easy Installation – Quick installation with stepby- step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart sockets from anywhere. All QR Pixel smart sockets can be combined in one group, so you can on/off different sockets with one click.

SMART 4-GANG WI-FI TOUCH SWITCH

DESCRIPTION:

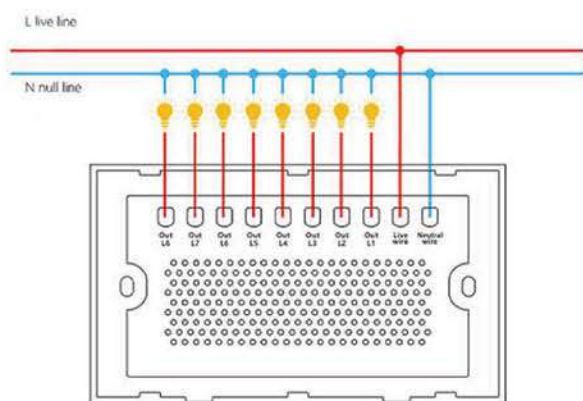

QR-PIXEL, Smart Wi-Fi Touch Switch lets you turn your connected device On/OFF, with the Qlite App, and with the installation of accessories, in responds to voice commands. It supports 2-way and 3-way communication. It is also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Four channel switching controller.
- Universal Socket
- Energy Monitoring Functions.
- Consists of 4 switches.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Rated Load – 625W/Gang
- Max Load – 2500W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Size – 86x86x34 mm.

SMART 8 GANG WI-FI TOUCH SWITCH

DESCRIPTION:

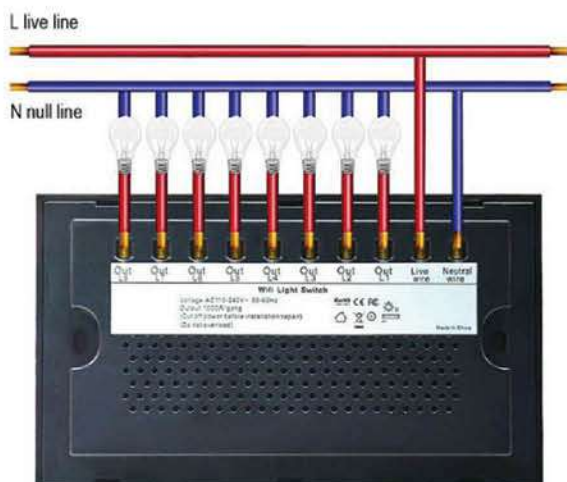

QR-PIXEL, Smart Wi-Fi Touch Switch lets you turn your connected device On/OFF, with the Qlite App, and with the installation of accessories, in responds to voice commands. It supports 2-way and 3-way communication. It is also able to monitor your energy consumption, allowing you to save power.

SPECIFICATIONS

- Single channels switching controller
- Universal Socket
- Energy Monitoring Functions.
- Consists of 8 switches.
- Schedule the timing ON/OFF
- Input voltage : AC 110-240 50/60Hz
- Max Load : 2500W
- Rated Load – 625W/Gang
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Size – 146x86x40 mm.

SMART DOOR LOCK- QR-SDL

DESCRIPTION:

QR-PIXEL, Smart door lock helps you secure your house with multiple anti-theft features present such as fingerprint scanner on the handle, RFID card entry, Anti-theft alarm etc. This door handle can be controlled and modified via the Qlite Home App according to your requirements.

SPECIFICATIONS

- Fingerprint Scanner on the handle.
- RFID card entry.
- Pin entry, key entry available.
- Input voltage : DC 6V battery
- Low power alarm.
- Anti-theft alarm.
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M

ADVANTAGES:

- Easy Installation - Quick installation with stepby-step guide.
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the smart Door Lock from anywhere. All QR Pixel smart Door locks can be combined in one group, so you can power on/off multiple devices from anywhere in the Wi-Fi range.
- Real time status display on the Qlite. Home app.
- Multiple security features present such as fingerprint scanner, anti-theft alarm etc.

SMART INDOOR CAMERA– QR-SIC ADVANTAGES:

DESCRIPTION:

QR-PIXEL, Smart Indoor Camera offers 4K video quality and as well as motion detection to keep your living space safe. The device is equipped with night vision and can store data via the cloud or internal memory using an SD card. It offers a 2-way communication between the sensor and devices/mobile. It can also be controlled via Alexa/Google home, voice commands and even your location. with the installation of a few plug-ins.

SPECIFICATIONS

- Offers 4K video resolution.
- Can Detect motion.
- Offers 2-way communication between devices and Mobile.
- Input voltage : DC 5V USB operating.
- Offers night vision.
- In built speaker is present.
- Cloud access is present.
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M

- Easy Installation – Quick installation with stepby-step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the smart Indoor Camera from anywhere. All QR Pixel smart indoor cameras can be combined in one group.
- Offers 4K video resolution, Cloud access and motion detection, ensuring the safety of your living space.
- Real time status display on the Qlite. Home app.

SMART SINGLE CHANNEL PLUG QR-SP13A

DESCRIPTION:

QR-PIXEL, Smart Plug lets you turn your devices On/Off, via the use of the Qlite Home APP. It makes controlling your plugged in devices easier and fully automated. It can also be controlled via Alexa/Google home with the installation of a few plug-ins. You are able to monitor the amount of energy your device consumes so as to save energy and reduce your power bills.

SPECIFICATIONS

- Single channels plug for .
- Power ON/OFF.
- Schedule the timing ON/OFF
- Input voltage : AC 100-270 50/60Hz
- Current Rating : 13A
- Max Load : 2990W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M
- Module Size: 120

ADVANTAGES:

- Easy Installation - Quick installation with stepby-step guide.
- Optimised switching control of multiple devices can be achieved.
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the smart plug from anywhere. All QR Pixel smart plugs can be combined in one group, so you can switch/on/off different devices with one click.
- Real time status display on the Qlite. Home app.
- Energy monitoring facility is present on the Qlite Home App.

SMART 3-WAY POWER STRIP QR-PS3W

DESCRIPTION:

QR-PIXEL, Smart Power Strip lets you turn your devices On/Off, via the use of the Qlite Home APP. You have 3 universal sockets to connect your devices, also there are 3 USB ports (200mA/5V) present. It makes controlling your plugged in devices easier and fully automated. It can also be controlled via Alexa/Google home with the installation of a few plug-ins.

SPECIFICATIONS

- Three channels power strip for connecting 3 devices.
- Power ON/OFF.
- Schedule the timing ON/OFF
- Input voltage : AC 100-270 50/60Hz
- 3 USB Ports (200 mA/5V)
- Current Rating : 10A/channel
- Max Load : 2990W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M

ADVANTAGES:

- Easy Installation - Quick installation with stepby-step guide.
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the smart Power Strip from anywhere. All QR Pixel smart power strips can be combined in one group, so you can power on/off multiple devices from anywhere in the Wi-Fi range.
- Real time status display on the Qlite. Home app.
- Energy monitoring function is present in order to regulate your energy consumption.

SMART UNIVERSAL REMOTE CONTROL – QR-SURC

DESCRIPTION:

QR-PIXEL, Smart Remote lets you turn your devices On/Off/control, via the use of IR Emission. You can control up to 1000 devices. It makes switching of your smart devices easier. It can also be controlled via Alexa/Google home with the installation of a few plug-ins..

SPECIFICATIONS

- Power On/Off/Control
- Schedule the timing ON/OFF
- Operating voltage : 5V
- 270° IR Emission.
- Enables third party control. E.g – TV, Ac, Sound System etc.
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M

ADVANTAGES:

- Easy Installation – Quick installation with stepby-step guide.
- Hand-free Voice Control – Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- Remote Control with Timer and Schedule of the smart remote from anywhere. All QR Pixel smart remotes can be combined in one group, so you can power on/off/control multiple devices from anywhere in the Wi-Fi range.
- Real time status display on the Qlite. Home app.
- It can connect and control up to over 1000 devices.

SMART Wi-Fi SWITCH 1 WAY- QR-SS1W

DESCRIPTION:

QR-PIXEL, Smart 1 way Switch lets you convert any normal load into a smart load., You can switch any device On/Off according to a schedule, with a smart App, and with the installation of accessories, in responds to voice commands, motion or even your location.

SPECIFICATIONS

- Single channels switching.
- Schedule the timing ON/OFF
- Input voltage : AC 100-240 50/60Hz
- Max Load : 400W
- Wireless Type: WIFI 2.4 Ghz
- Wireless standard :IEEE 802.11 b/g/n
- WIFI range 30M

WIRING DIAGRAM

a. Ceiling lamp wiring instruction

b. Appliance wiring instruction

ADVANTAGES:

- Easy Installation - Quick installation with stepby-step guide.
- Converts a non-smart switching device into a fully automated smart switching device.
- Advanced control of non-smart devices. Automated switching function which can be controlled from the Qlite Home App or by voice control.
- Hand-free Voice Control - Compatible with Amazon Alexa and Google home. Make your hand-free smart home life more convenient and easier.
- You can set the Timer and Schedule of the Smart Wi-Fi 1-way switches from anywhere. All QR Pixel smart switches can be combined in one group, so you can switch/on/off different devices with one click.
- Real time status display on the Qlite Home app.
